Emergency Broadband Benefit

EBB Eligible Areas

- FCC eligible areas: EBB is available in areas that are eligible for the Emergency Broadband Benefit and tribal lands as defined by the National Telecommunications and Information Administration's (NTIA) Eligible Applicants List. This includes areas that are eligible for a Lifeline or FCC approved eligible plans.

EBB Eligible Devices

- Approved broadband providers can offer a wide range of devices to eligible households, including:
  - Modems and routers
  - Tablets
  - Laptops
  - TV and streaming devices

Access to Federal Pell Grants

- Households that are currently eligible for Federal Pell Grants or will become eligible on or after July 1, 2021, can also access the Emergency Broadband Benefit. Students of the P-20 education system (i.e., Pre-K through college) and households with an annual income of $100,000 or less can receive the benefit.

Application Process

- Households interested in accessing the Emergency Broadband Benefit should contact their broadband provider to apply. Providers are required to offer the benefit to eligible households.

Additional Information

- The Emergency Broadband Benefit is a temporary program designed to help eligible households pay for internet service and devices. It is available for a limited time and is subject to change.

Federal Communications Commission (FCC)

- The FCC is responsible for regulating the communication industry in the United States. It is an independent agency of the U.S. government, which administers and enforces laws that it has been granted by Congress.

Emergency Broadband Benefit Program

- The Emergency Broadband Benefit Program is a federal program created in response to the COVID-19 pandemic. It provides funding to eligible households to help them connect to the internet.
